Government data collected, created, received, maintained or disseminated by Woodbury Leadership Academy (WLA) is public unless classified by statute, or temporary classification, or federal law, as nonpublic or protected nonpublic, or with respect to data on individuals, as private or confidential. On request to WLA, a person is permitted to inspect public government data at reasonable times and places, and, on request, informed of the data's meaning. If a person requests copies or electronic transmittal of the data to the person, WLA will require the requesting person to pay the actual costs of searching for and retrieving government data, including the cost of employee time, and for making, certifying, and electronically transmitting the copies of the data.

1. Requests for Public Data are accepted in written form and may be mailed to the Responsible Authority for processing; request form follows.
